ACTION IS BRANDED "VENGEANCE MOVE"

Baird Says Board Will

Non-school employes of the municipality Thursday were paid two weeks' back salary on order of Mayor James L. Key, but school teachers and out ers employed by the Atlanta board of education received no money when of education received no money when if developed that a \$42,713 deficit some sections, picketing of Jewish doctors and shope continued. Jewish doctors and shope continued.

About 2,000 employes participated in the distribution of \$82,450 as Key abrogated a formerly announced poli-cy to creat all employes alike because "politicans of the board of education "politicans of the board of endadosing took matters in their own hands and insisted on passage of the bill by the assembly giving 30 per cent of the city's income to schools."

Board Hits Key's Action. Dr. Noah W. Baird, president

the board of education, branded Key's action as one of revenge, adding that the board will fight to the bitter end to force the mayor and council to pay the \$90.000 for free textbooks, which is stricken from a revised fipay the \$90,000 for free textbooks, which is stricken from a revised finance sheet on which council Monday will be asked to act. A court battle is likely if the board backs Baird in his stand.

Auto Tags Limit Is Made April 15

Governor Eugene Talmadge Thursday extended until April 15 the time limit for the purchase of 1933 automobile license tags.

The time limit had previously been extended by resolution of the legislature to April 1.

"It is physically impossible for the department of april 1.

"It is physically impossible for the department of revenue to equip all motorists with tags before April 15." the governor said. "Therefore. I am extending the time limit on 1933 tags until that date."

M'GEE MURDER

Negro Sentenced To Die With Rader Davis on Same Day.

Emmett Gibson, negro, was convicted in superior court Thursday afternoon of the murder of Hamp McGee, aged West End taxi driver, shot through a window of his home in Jan-nary as he was preparing for bed, and Judge E. E. Pomeroy sentenced him to die in the electric chair on April 27.

Gibson is sentenced to die on the same day as Rader Davis, jointly in-dicted with him for the McGee slaying, but convicted Tuesday of the murder of Mrs Sam H. Henderson. Before the court passed sentence on him, Gibson reiterated his statement made from the witness stand—that he knew nothing of the murder.

His case consumed three days and the jury deliberated from 1:15 o'clock Thursday afternoon until 5:20 o'clock. McGee was shot with a shotgun from the darkness around his secluded home on Dollar road on January 26,

and then was robbed.

James Venable, attorney for Gibson, asserted Thursday afternoon son, asserted Inursuay attached that he was undecided as to a motion for new trial or an appeal.

In the national summary, the federal reserve board said that production and distribution of commodities declined by a substantial amount dur-ing the bank holiday, but showed some increase after banking operations were resumed in the middle of March.

MARSH ADVOCATES U. S. RELIEF PROGRAM

Advocating a full federal program of relief, Benjamin C. Marsh, executive secretary of the People's Lobby, Washington, D. C., told a group of social workers. Thursday at a meeting at Rich's tea room, that congress expects in december or safety either cannot in decency or safety either recess or adjourn until a method of unemployment and farm relief is enacted. The speaker outlined a program upon which his organization concentrating

"In order to expedite projects ready to start." Mr. Marsh said, "congress should liberalize the provisions of the Reconstruction Finance Corporation as to adequate security, self-liquidating undertakings and rate of interest charged by the corporation along the lines suggested by Senator Wagner." Mr. Marsh emphasized tax revision

Ar. Marsh emphasized tax revision as one of the main relief measures. This would consist of revising the revenue act to transfer between one and one and a quarter million dollars of taxes now levied on those with incomes under \$3,000, chiefly to those with incomes under \$3,000, chiefly to those with incomes over \$10,000, by in-creasing the normal income tax rate, and surtax rates very heavily in the higher brackets, taxing estates much more heavily, taxing large corporate surpluses, and including income government securities, as part of the general income. "This means transferring taxes

om people as consumers to prop-y," Mr. Marsh said. "It will mean reducing exorbitant standards of liv-ing of a few scores of thousands, and increasing the living standards of many millions of families. It will mean, which is of far greater im-portance, that billions of dollars of he wealthy seeking investment, will be commandeered through taxation to make possible increased consumption, without which investment is futile. The meeting was attended by social and civic workers. At the conclusion of Mr. Marsh's talk, a committee was ganizations for support of the pro-

MARATHON DANCERS TO HELP JOBLESS

The marathon dance will on next Wednesday night give a large percent-age of its receipts to Mayor James L. Key for the unemployed relief fund. Special arrangements have been made to make this one of the big nights of the week.

A miscellaneous shower will be given on Monday night for Alice Robin-son, one of the dancers, who will marry Mack Robertson, another dancer, on April 10.

Mayor Key and Judge Landis Likely To Be Battery Mates

It was very pleasant indeed to observe that all hands concerned are getting ready for the opening of the baseball season. It is quite possible that because the club trained away from home, too much ratiocination and surmise was spent on the

The appearance of his honor, Mayor James L. Key, at the Cracker ball game Thursday afternoon brought one down to the question of opening day. Someone has to pitch the first ball of the season. The mayor is the man.

The mayor appeared to be in great condition Thursday. In answer to queries concerning his pitching arm, he said: "My arm is better than it ever was. I have pitched on quite a few opening days, but this year I will be at my best."

The mayor did appear in fine fettle. He is likely to have great battery mate, or maybe a distinguished umpire, on

Your Uncle Wilbert Robinson has been in communication with Judge Kennesaw M. Landis, the tsar of baseball. There is some talk that the tsar's powers were curbed by a sort of baseball duma. But I do not see any of the baseball boys thumbing their noses at the judge. He is still the tsar.

There is a great chance that he will be on hand to work with Mayor Key on opening day. There has been no report on the judge's arm or eyes. They are probably as good as ever.

GOOD CATERING FOR THE SUMMER.

It was also recalled on Thursday that nothing had been announced as to what would be done for the inner man at the ball games this summer.

The inner man is quite an important factor in baseball. If the inner man is not fed then the outer-man (the one who pays) is likely to be discontented.

It occurred to me that in the past the catering had been hone too good at the Cracker ball park. The peanuts could have been better. Or at least the inner man of the fans said And the sandwiches were not enthusiastic sandwiches. They were usually dry and likely to cause ennui.

The hot dogs were never vigorous, barking hot

Not enough attention has been given to the fact that baseball is an eating game. The inner man must be sustained at the ball games. And if he is not sustained on attractive foods he will not like the ball game. Hence the new deal in catering is worth mentioning. These

things have been overlooked in preparing for the return of the

THE LUCK OF THE IRISH.

Mr. Charley Moore, from Old Kaintuck, was naturally in small state of agitation as his club appeared yesterday in its debut with the Washington Senators.

Most of them were in the bleachers, where the prices have been reduced this summer. I do not know if this was noted by the owners or not. But they were there. But to return to Mr. Moore.

PHILS HIT TROUBLE.

JACKSONVILLE, Fla., March 30.

(P)—The Phillies ran into a lot of trouble from the slugging Baltimore Orioles' bats today, but managed to nose out the International leaguers to rin the wind-up game of their spring training season.

Jumbo Jim Elliott started for the Phils, but was tagged for four runs in the first and Ed Holley promptly replaced him, to be followed by two penaced with the dealth of the graying noggins to title. Commercial High started strong but its pitchers were wild Tuesday in an important game against Fulton and the Typists dropped to second place along with Gainesville should play another of the best games of the after noon. He has two young men whom he hopes will be the fairhaired boys of the team. They are both rookies, Fred Sington and Duck McKee. The home customers yearn to see them make good.

He knew they would be, as the society reports say, the cynosure of all eyes when they first came to bat on

THAT INFIELD.

Wally Dashiell and Buster Chatham, around the keystone, should be the best double-play combination in years.

Pete Susko, looking in better shape than when he was with the Barons, appeared very smart around first base. And Red Rollings, at third, looked great. It has been some time since they had one who could cover the territory he can. I mean he can get off the dime. Until yesterday I had always had the idea there was some rule requiring Atlanta third basemen to be chained to the bag by a three-foot chain.

Gather close white I whisper-"When the Crackers get that new pitcher they are going to be a first-division club and be a factor in the pennant chase. No fooling."

THE GREAT JONES RETURNS.

Mr. Jimmy Jones checked into the office yesterday, after an absence of three weeks with the Crackers at Mobile. The players spoke enthusiastically of him. A visit to the bench revealed his great popularity with the club. His stuff spoke for itself, requiring no ballyhoo. His greatest thrill on his first visit to the bay was piloting a boat for 20 miles last Sunday.

"It was a boat which required four hours to go 20 miles, but Jones handled it as if he were Sir Malcolm Campbell," said Charley Moore.

Not only that but they have several attractive young ladies to assist them in dispensing the comestibles to the inner man:

"My, my, a sewer, and you won three pennants," said Your Uncle Wil-bert Robinson. "I wonder if we can have Mayor Key put us in a couple of sewers and win three pennants." Just then Sington's bat went "Blam" and a two-base hit curved into left field, bounding to the fence. "Ummmmmm," said Scout Rucker, all but swallowing his cigar, "that's a nice looking little boy."

Sington's 220 pounds of bone and muscle went racing to second. "I think that boy is going to be real ball player," said the Old

"TELL ME MORE." "Tell me more about winning three pennants with a sewer," said Wilbert Robinson, as he bit a quarter of an inch off his pipe stem.

The story went on and pretty soon Freddie Sington was up again and walked. General Al Crowder was its bit and the strength of the strength

A new cast of Crackers, headed by Powerhouse Fred Sington made a triumphant return home yesterday after a month's training on Mobile Bay by defeating the Washington Senators, 4 to 3, in their first appearance before an Atlanta crowd estimated at 2,500.

an Atlanta crowd estimated at 2,500. It was Sington, a new and distinctive type of ball player making his bow to local fandom, who literally clubbed the Senators into defeat. The 220-pound, massive shouldered ex-All-American tackle from University of Alabama, blasted out a double off General Alvin Crowder, Washington's star pitcher, his first time up, drew a base on balls his second trip, hit a single past third the next time and then rapped out a triple in the ninth to be driven home by Pete Susko with the tying run. Neisler, kid catcher, broke up the game with a single, scoring Susko.

WHAT A DAY!

WHAT A DAY!

Add to this a couple of spectacular one-hand catches in left field and you have the day's performance of Fred Sington. And what a day for a rookie breaking in before the home fans!

They cheered the big fellow as he trotted to and from his position. And the colored bleachers, which haven't had a colorful left-fielder to cheer in years, went into gyrations over him.

There is no doubting now that Sington has "arrived." Atlanta newspapermen in the Crackers' training camp at Mobile have been sending back men in the Crackers' training camp at Mobile have been sending back glowing dispatches about the 23-year-old batting prodigy. This they did with a bit of daring, knowing that there naturally would exist a bit of skepticism over Sington after two earlier trials with the Crackers that met with his being sent back to smaller leagues. But Manager Charley Moore and others who observed his work at Mobile, at Biloxi and at Montgomery were willing to sign an affidavit that he would be a regular with the club this summer.

CLUB LOOKS OKAY. While Sington received—and deserved—the heavier plaudits of the fans, he was not the only new performer to attract attention in the game. After a bad third inning, during which the boys showed visibly a certain tightness before the home folks, the entire club settled down and played good ball. An Inside Opinion.

A day or two ago I talked with one of the best fight judges on the west coast—with a man who has followed Baer's career from the start. "A year ago," he said, "I thought the fellow was hopeless. When I saw him selling another piece of himself every time he needed a few dollars until he had a small percentage of himself had a small percentage of himself left, I figured the show was over.

"But Baer has changed a lot in the ast few months. He is now really ambitious and he is set on winning that big title. If he really means business, and I believe now he does, he is good enough to whip any man in the world He is young, big and tremendously strong. He is well over 6 feet in height, weighs around 210, and has one of the finest builds I ever saw—good legs, a slender waist, immense shoulders, big hands and long arms.

"I don't believe anybody can hurt him. I've seen him stick out his chin against sluggers and ask for it—right on the button. And I've seen him laugh when he got-tagged. It is almost impossible

to hurt him.
"In addition to this he can hit—and hit hard with either hand. He is better equipped physically, with all the give and take, than any man we've had in a long time. And he can fight all day.

"How do you think he will come out against Max Schmeling?" I asked.

"Is he as smart as Schmeling? Is he as good a boxer?"

any chances. There's alway There's always the chance that any heavyweight fight will be a prodigious bust—as most of them have been gious bust—as most of them have been in the last few years. But here are two men who at least are capable of producing another "cavalcade of clout." Both can hit and both can take it, Both belong on the aggressive side. Both are young and strong and game. Maybe they will keep aggressive when they meet—and maybe they won't. Who can tell what a heavy-weight will do?

schmeling will be outmatched physically—but he looks to be a better boxer and a better analyst under fire. But this time the German is wading into more trouble than he has ever faced since he began his march for the upland country. He may outpoint Baer. I don't think he can knock him out. I believe Baer might knock out any man he faces through 15

At any rate the new heavyweight cene covers a lot of ground—Baer from California-Sharkey from Bostrom Cantorna—Snarkey from Corners from Starkey from Germany and Carnera from Italy. And just at this moment California has a pretty fair chance of returning to the ring glory of Corbett and Jeffries.

Grady Auxiliary Makes Many Plans.

One of the most important meetings in the history of the Grady Hospital Auxiliary was held Tuesday in the nurses' home of the hospital with Mrs. E. Stewart presiding for the president, Mrs. Louis Elsas, who was absent from the city. The auxiliary's annual linen shower resulted in a supply of new linens to be used in every department of the hospital.

To her celebrated mother, meeting was turned over to Mrs. Matter Walker. There will be a section of tag day devoted to the work of this auxiliary and collections made by the group will be devoted to the colored wards.

Grady auxiliary year ends on April 1 and on that date new officers will be elected to take office at once. A mominating committee was appointed artment of the hospital.

An address was made by J. B. Franklin, superintendent of the hospital, who related the valuable service that has been rendered Grady hospital by the Elsas family. He touched upon the interest and the service rendered the hospital by the late Jacob Elsas and the late Louis Elsas. He declared that the Elsas family has made important contributions, and

It was announced that Mrs. Louis Elsas had donated 1,000 Easter seals designed to be used on letters and parcels at Easter. These scals were designed by Mrs. Elsas and were developed in the hospital colors, maroon and gold, and will be sold at 5 cents each. Atlantans desiring to secure these scals may do so by calling Mrs. H. W. Mason at Dearborn 2492-J. National hospital day will be observed by tag day on May 12, and the six Atlanta hospitals participating in

JACKSONVILLE, March 30.—The southeastern open pair championship played Wednesday was won by Fred Pumpelley and Carl Swisher, of Jacksonville, with 456 1-2 match points. Second place went to Bryan Simpson and Frank Walker, another local entry, with 424 points.

Ed Nix and Robert Ames, with 416 1-2 points, were third and led the Atlanta pairs. The other Gate City entries with their scores follow:

Mrs. Humphrey Wagar and Whitner Cary, 402 1-2; John Tyner and Hudson Edwards, 399 1-2; Mrs. William Barrett and Cotton Mather, 392 1-2; Billy Barrett and Fred Levy, 391 1-2; Miss Peggy Porter and John Hardisty, 369; Bill Dickey and Fred Shaefer, 364 1-2, and Ed Jarvis, 326 1-2.

Thirty pairs competed and the final region lasted goal lete but the second session. The winning pair proceeded to reel off a 66 per cent game to cop and Groene pair, who led the field with 88 1-2 points, by 17 points. This was not an insurmountable lead, as eight was top on each board and there were 34 boards to play in the second session. The winning pair proceeded to reel off a 66 per cent game to cop the title.

Mather and Follette, a pair teaming for the first time, were only one and one-half points behind the leaders at the end of the first 17 boards which made up the afternoon's quota. They were in splendid shape for the stretch run, but the pace became too hot and they had to be content with

Mr. Andersson chose as his opening lead the spade Knave. This was won in the closed hand and the won in the closed hand and the small heart led to the Ace in Dummy. The Declarer planned to establish the long heart suit in Dummy, if possible, for the easy fulfillment of his contract. A heart was returned and ruffed in the closed hand. Tweed-like wealers were with the guimpe of pale blue fine wale pique. Dear Miss Chatfield: What do you think of a woman who lets her long the pixulation of the pix pend upon their willingness to be dominated by their husbands. They deliberately deliver themselves into bondage for the price of peace.

There are some men 'they are generally the ones that can't hold their own with their own sex) who wouldn't fall in love with or marry women that they couldn't dominate. And be sure that the average woman wooed and won by one of these quickly comes to know the sound of her master's voice. Netwee left of her master's voice. Nature left to her own devices, is shrewd be-yond our understanding and the chances are that she has led this type of man to a woman that will submit to his will.

She is a love-martyr and the pleasure and satisfaction she gets out of complaining to her friends about her servitude is ample compensation for what she endures. If it were as bad as she makes out, if she actually suf-fered as she pretends, she would kick out of the traces. But no, that atti-tude toward her husband is as much a part of her nature as the independent attitude of some other woman is a part of hers. You must learn not to worry

about the love-martyr. In her own way she is as happy as the average. Only don't deny her the pleasure and comfort of complaint. It is definitely true that a marriage con-tinues as it begins, either on a fifty-fifty basis or with one party or the other in supreme command. But the forces, unseen perhaps, but definitely felt at work in the marriage of two natures pre-determines the character of the relationship. A spineless woman and a strong man can't start on a fifty-fifty basis any more than two horses of un-equal strength can pull a load with equal horsepower. Nor can an im-perious, independent minded wom-an begin a fifty-fifty marriage with a weak-willed, yielding man.

Today the merchant's son, James Arcuri, charged in supreme court that his stepmother hid her first husband while she obtained the Enoch Arden decree and plotted to obtain Arcuri's money.

NANCY PAGE Baked Eggs Are Fried Eggs-Only Better. BY FLORENCE La GANKE.

The cheapness of eggs made them a popular food in the Roger Miller home. Lois scrambled them, made omelets, stuffed them, deviled them, even creamed them.

She seldom fried them because she found that the white part of the egg would persist in getting hard and rubbery. Someone told her that spooning a teaspoon of vinegar over them as they cooked would prevent that. She tried it but was not favorably impressed.

put a little butter in it, broke eggs irto it and set the pan in oven. Here the eggs really baked, the final result was a thick, tender, pearly white base on which was the yolk cooked firm and veiled with a film of white which made it look alnost translucent. And were these eggs good? Ask Roger.

from them as star from star, Bart struggled alone to work out a solution of the things he had seen that day. The shock which came to him when he saw Alice studying his fatther's picture was confused with many other things. Just where did the Farnhams come in? "Charles, this is Mr. Burgess. Mr. Barton Burgess." Bart had recognized the official voice of the Warren's English butler. "I want to talk to Miss Bayley."

"Sorry, Mr. Burgess. But Miss Bayley is resting now."

"But this is very important. Charles. Don't you think you could get her on the wire?"

A moment's hesitation. "Mr. Ingalls asked that neither Mrs. Bayley nor Miss Bayley should be disturbed. Lamely Bart hung up and three whimself on his bed. Now he saw himself as an assassin; a very tired one, worn out with going here and there, dreading the hand that was sure to clutch his shoulder. He thought wearily of storming the Warren house, making a scene, demanding to see Alice. There came to him a ridiculous picture of himself breaking into the big, formal house, badly shouting the secret which lngy Warren had been patiently trying to patch together, a piece at a time.

An aching body with a worn mind, Bart hid his face in the pillow.

Bart dimly remembered having dinner with Mother and Aunt Augusta. The two women, as if by common consent, confined their talk to immaterial things.

INSURANCE MAN, DIES

John H. Byrley, 59, widely known insurance executive, died Thursday, night at his home at 51 Palisades road, following an illness of three months. He was general agent in this section for the Minnesota Mutual Life Insurance Company of St. Paul, Minn. and was formerly vice president of the Fidelity Mutual Life Insurance Company of Philadelphia, Pennsylvania.

Mr. Byrlev was born in Barbour-ville, Ky., in 1873, and resided in Cincinnati and Philadelphia before

removing to Atlanta 18 years ago. He was well known in the insurance business in the north and east before

coming south as the representative of the Fid-lity company. He was a member of the Masonic order and of the Peachtree Christian church.

Surviving are his wife; a daughter, Miss Emilyn Byrley; two sons, Paul L, and Jack Byrley, of Atlanta; a sister, Mrs Rachael Coles, of Barbourville.

Funeral services are to be held at

3:30 o'clock Saturday afternoon at the Spring Hil, chapel of H. M. Pat-terson & Son. The body will be taken to Barbourville for interment

Former Governor Writes Tribute to Courage, Ability of President.

NEW YORK, March 30 .- Former Governor Alfred E. Smith, writing in the April issue of the New Outook, out tomorrow, declares the "new administration, led by the president, has made a good beginning."

Continuing, he says:

"As we go to press, it has provided ompt and constructive leadership. It has guided public opinion by clear understandable pronouncements, and has thus far restored morale and confidence. It has helped in a forthright way with the currency problem, with reorganization of the federal government, with the drastic reduction of veterans' benefits in the face of the bitter opposition of a strongly organized minority, with the problem of authorizing and taxing beer and with the farm problem

"It is wise for the new administration to take full advantage of its large majorities in the new congress, and of the popular approval at the very beginning of the special session, to drive through emergency legislation A great many things can be done now which cannot be done later. Public opinion is aroused and will fully support the executive in these and similar measures of an emergency character. I said last month that the democratic party was at the crossroads. I will say now that it has taken the view turn and that everytaken the right turn, and that every-one in the country, irrespective of party or other affiliations, should sup-port the new administration loyally and patriotically in the path on which it is now moving—because I am sat-isfied that it is the path back to eco-nomic health and happiness."

WASHINGTON, March 30.—(P)—
A new addition to medical knowledge, discovery of an apparent method by which ultra-violet rays attack disease bacteria and kill them was reported today to the American Chemical Society.

It applies to the use of ultra-violet rays from sunlight and from artificial feets on life.

It applies to the use of ultra-violet rays from sunlight and from artificial "sun lamps" in treatment of some kinds of disease and was credited with giving scientists a better understanding of why these rays are beneficial to health.

The discovery was reported by Drs. F. F. Heyroth and J. R. Loofbourow, of the University of Cipcinnati, at the content of the university of Cipcinnati, at the content of the university of the ultra-violet rays, though it is not known

of the University of Cincinnati, at the chemical society's final meeting.

They found that the ultra-violet rays apparently do their killing of bacteria by attacking the nuclei, or centers, of bacteria cells. The rays

cause a change in some chemicals in the nuclei, which apparently kills the cells. Such cells are the fundamental, living building blocks that form bodies of bacteria and all other living building blocks that form bodies. of bacteria and all other living things.

The scientists were told how the process seems to work by isolating four of the chemicals from the nuclei of bacteria cells—nucleic acid, uracil,

the same way as bacteria.
So far, the scientists believe, the discovery applies only to treatment

HOGS-Steady. By JOHN L. COOLEY. NEW YORK, March 30 .- (AP)-Stocks found the market narrow and dull today, though the trend was still slightly downward, the average net

change being a small loss. Speculative inertia was especially pronounced in the handful of favorites which had done most of the declining in recent sessions, and these shares steadied. Aside from firmness of sugar and alcohol issues and a gentle sag for some rails, the day was featureless and total sales aggregated ess and total sales aggregated 624,250 shares.

Carrier securities presumably re-flected anticipated reorganizations. Sugar shares were buoyed by a rise in the futures market for that com-

row, the companies are in receivership and are not maintaining transfer offices which automatically removes them from the list.

Employment in the manufacturing industries improved a trifle in February and there was a corresponding gain in total wages paid.

The day's news in trade circles contributed, scant information as to the state of business. At Pittsburgh No. 1 heavy melting steel scrap was advanced 25 cents a ton, thus continuing the recent improvement of a basic raw material.

There was no change in local money markets. The day's accession to our monetary gold stocks was small, receipts of \$56.300 from China being the New York Fadaral Reported by the New York Federal Reserve bank.

Brokers' Views

e definitely behind us. FENNER, BEANE & UNGERLEIDER-

We are inclined to anticipate a narrew trading market until more definite light is obtainable on rending farm relief legis-lation and the policies of the farm credit administration.

GRAIN OPINIONS.

LIVINGSTON & CO.—The strong class of buying encourages the belief that aside from minor setbacks resulting from technical market conditions the trend of both wheat and corn will be toward irregularly higher prices. MOOL.

BOSTON. March 30.—Practically no demand is being received for sizable quantities of wool. The larger offerings, however, are being firmly held at prices realized buring. Small quantities closing out old accounts sell at prices irregardly lower than last week with this type of trading comprising the bulk of the business in the wool market. prices.

FURTHER LOSSES

By CLAUDE A. JAGGER.

NEW YORK, March 30.-(P)-Curb stocks continued to sag under their own weight today, rather than from important external pressure. In the same narrow professional dealings, leading issues, with few exceptions, recorded losses ranging from ceptions, recorded losses ranging from fractions to a point. The day's business amounted to 70,000 shares compared with 100,000 yesterday.

There were no bright spots in the utility group, although traders for the decline had no great success.

The market had its brighter side, however, in brisk bidding for several issues which were supposed in some way to be affected by reports of reviving business.

The stock of A. O. Smith & Com hich serves a number of in-now in the doldrums, jumped dustries now in the doldrums, jumped about 5 points to the accompaniment of gossip that the company might book a substantial line of business for beer containers. Sugar also moved up a couple of points in sympathy with a fair rise in the raw sugar futures market.

By VICTOR EUBANK.

NEW YORK, March 30.—(P)— The bond market continued to stum-ble over uncertainties today and only the United States government group was able to resist the downward drift

Trading verged on dullness in most issues and bids and offers were far apart in many instances with some sharp losses resulting from the turnover of a few bonds. Sales totaled \$10,608,000 and the average for 60 domestic corporate loans dropped four-tenths of a point.

While sentiment toward the federal group was still cheerful, there

apparently was a fair-sized supply of both high-grade and speculative mort-gages waiting for buyers that insist-ed upon holding aloof.

The foreign section was again the victim of pronounced weakness in scattered divisions. German obligations recorded new 1933 lows, de-clines in this list ranging from 1 to around 4 points.

Most United States government

bonds, while not unusually active, were able to hold gains ranging from were able to hold gains ranging from 2-32nds to 15-32nds of a point.

There were a number of minor casualties among the domestic rails.

Kansas City, Fort Scott & Memphis 4s, a responsibility of the Frisco, slumped 13 3-4 points. Mobile & Ohio generals 4s, exemplifying the thinness of the market, fell 38 1-4 points on a single transaction involving three bonds.

A few of the utilities and indus-trials steadied, but the majority had little support.

"Jean," said her father, at last, "whatever-whatever-" "Oh, darling, don't ask questions-don't do anything," she replied, hiding her face on her father's chest, "just be glad to see me." "What's all this? Jean! You're crying," he said. "I know I am—isn't it silly?" she sobbed.

"But, baby, you musn't do that," Parker said. "I know-but you'll have to wait 'til I'm through." James Parker patted her shoulder awkwardly but tenderly. Finally Jean held up her head. "There you are—all done with," she smiled. "Now let me look at you. Yes, you're just the same."

"A bit more grizzled," he insisted. "That's only because you've been missing me—yoù have, haven't you?" "MISSING YOU! My darling!" answered Parker, taking her in his arms again. "Ah, that's better," cried Jean. "Now say you're glad—because if you're not, I shall go straight back to England."

I have tested the recipe used in this cake in my own kitchen and found it makes a delicious cake---This is why I am endorsing this Cream Chocolate Nut Cake---Made especially for Rogers birthday.

Mrs. S. R. Dull

We want you to enjoy our birthday cake. You just don't skimp on birthday cakes. We used the finest table butter, creamed it with pure cane sugar, then added fresh eggs, cake flour and sweet rich milk. It has two vanilla layers and one chocolate, with chocolate butter cream filling.

for OUR 41st. BIRTHDAY

And the icing! White fondant all around. . . . rich, thick chocolate, poured on until it ran down the sides. Chopped pecans top it off. At this price you can't buy the ingredients and bake it yourself.
